

EXPRESSION OF INTEREST

Integration of Battery Energy Storage Systems (BESS)

Publication date: 25th Jun 2021

Submission date: 13th July 2021

Project Country: Mozambique

Contract Period: 24 months

The Government of Mozambique has received financing from the World Bank toward to support the Energy For All (ProEnergia), and intends to apply part of the proceeds for consulting services.

The consulting services (“the Services”) include: provide technical support to FUNAE PIU on implementation of Off-grid Solar Finance Facility with key technical inputs; Assist in selection and supervise Facility Manager and Verification Agent; and Support program management in any other required activities in the implementation of this ToR.

Scope of the Work

The Procurement Specialist will play a key role to support efficient and enhanced procurement procedures of the project in line with World Bank (WB) and National (Mozambican) procurement regulations, standards and procedures. He/She will work with the Project Implementing Unit (PIU) throughout the procurement procedures and activities. The specific objectives of the Procurement Officer position are:

- Strengthen FUNAE’s capacity in the procurement of goods, works and consultancy services under ProEnergia project and other World Bank energy projects implemented by FUNAE as required;
- To provide information with regular updates on various procurement activities;
- To anticipate, flag and resolve potential problems with implementation to management of FUNAE;
- Provide support and inputs on procurement for the development/update of the project implementation manual (PIM).

Eligibility Requirements

- Degree in Economics, Engineering, Law, Public Administration or similar disciplines.
- At least seven (7) years of experience as a Procurement Officer in World Bank funded Operations or other Multi-lateral institutions, with strong knowledge of World Bank Procurement Regulations for IPF;
- Knowledge of the National Procurement Procedures (Decree 15/2010) is an advantage;
- Good command of STEP (Systematic Tracking of Exchange in Procurement) is preferred;

- Ability to work in teams, pay careful attention to detail and manage multiple tasks in a fast-paced environment;
- Fluency in Portuguese and English; and
- Good presentation skills

Place of work: The Procurement Officer will be based at FUNAE offices in Maputo - Mozambique.
