

## NOTICE OF INFORMATION

Design and construction of onsite Photovoltaic (PV) systems - Hilo, HI

**Publication date:** 7<sup>th</sup> Mar 2022

**Submission date:** 18<sup>th</sup> Mar 2022

**Country:** Unites States

### Description of procurement:

The United States Department of Agriculture (USDA), Agricultural Research Service (ARS), Pacific West Area Office has a construction requirement for design and construction of onsite Photovoltaic (PV) systems located at 64 Nowelo Street, Hilo HI 96720. The Contractor shall provide all labor, equipment, materials, supplies, transportation, and supervision performing all required work in accordance with the plans and specifications for this requirement. In accordance with Federal Acquisition Regulation (FAR) 36.204 the magnitude of this construction project is between \$250,000 and \$500,000.

USDA will issue a Firm Fixed Price Construction Contract. The Request for Proposal (RFP), 12905B22R0004 may be issued on or around March 18, 2022. The requirement will be reserved 100% for small businesses under NAICS Code 221114 - Solar Electric Power Generation with a size standard of 250 employees.

Completion timeframe for the resulting contract is to be determined. The RFP will be accessible via <https://sam.gov/> in the “Contracting Opportunities” section.

Potential Offerors are responsible for monitoring this site for release of the RFP package and any amendments. All offerors shall be registered with the System for Award Management Registration per FAR Clause 52.204-7 and 52.204-8. No paper copies of the solicitation will be mailed, and telephone requests will not be honoured.
