

## INVITATION TO BID

### Development of Wind Power Plants in India

**Publication date:** 03<sup>rd</sup> Jun 2022

**Submission date:** 07<sup>th</sup> Jul 2022

**Country:** India

#### **Description of procurement:**

SECI wishes to invite proposals for setting up of ISTS-connected Wind power projects in India, on Build Own Operate (BOO) basis for an aggregate capacity of 1200 MW. SECI shall enter into a Power Purchase Agreement (PPA) with the successful Bidders selected for purchase of Wind Power for a period of 25 years. Power procured by SECI through this procurement will be provisioned to be sold to the different Buying Entities of India. Already commissioned projects cannot be considered under this RfS. Projects under construction or projects which are not yet commissioned will, however, be considered, in case these projects are not already accepted under any other Central or State Schemes. Enhancement of or adding extra capacity to already commissioned Projects, irrespective of their capacities will not be considered as eligible Project under this scheme.

#### **Scope of Work:**

- The Wind Power Developer shall be required to set up ISTS-connected Wind Power Projects, with the primary objective of supplying wind power to SECI.
- Identification of land, installation, and ownership of the Project, along with obtaining connectivity, LTA and necessary approvals and interconnection with the ISTS network for supply of power to SECI.
- The Projects to be selected under this scheme provide for deployment of Wind Power Technology. However, the selection of Projects would be technology agnostic.
- Selection of Wind Power Projects for a total capacity of 1200 MW will be carried out through e-bidding followed by e-Reverse Auction process.
- The Projects shall be located at the locations chosen by the Bidder/WPD at its own discretion of and cost, risk and responsibility.
